LATEST COUNCIL DECISION

In late August COMOF received a letter from Egyptian Orienteering Federation where they asked for postponing the MCO 2025 which was planned to be held in the beginning of February 2025. After carefull e mail discussions within COMOF Council members, decision is made. There will be no MCO in 2025.

After this one in Italy, next one will be in Algeria, beautiful small town Tipaza, at the beginning of February 2026. So, in fact, this is distance of just 13 months between two of them, which Council found as good solution for the budget for all National teams.

Egypt was advised to apply again for organizing MCO 2027. Application process will be open soon, and all countries are welcomed to apply.

MCO 2024, Italy, Toscana, 31st October till 3rd November 2024.

MCO 2026, Algeria, Tipaza, end of January/Beginning of February 2026.

MCO 2027: application process will be open in September 2024.
